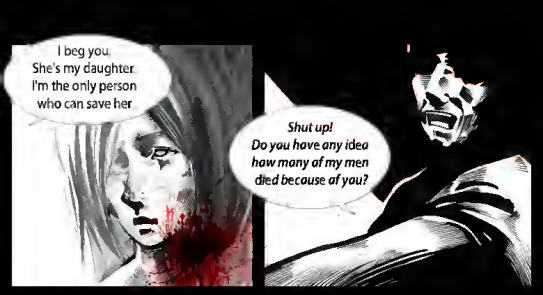
HOMESICK

As I expected.
You're one of them.
Move away from
the hostage.
Prosecutor Cooper.
I know you don't understand,
but could you let us go?
If you don't, Kim will die.

That's something I'll decide.
I'll save your daughter myself,
so turn yourself in.

You too.
I don't know what you are,
but drop the gun and let Kim go.



I beg you.
She's my daughter.
I'm the only person
who can save her.
Shut up!
Do you have any idea
how many of my men
died because of you?

Reinforcements have arrived
Transporting the injured.
The perimeter is secure.

Snipers have been taken out
Suspect in sight.
Good. Stand by.

To be continued...
